New CONNECTION: ERA!

EDC: MV has officially connected with the [Electronic Recycling Association \(ERA\)](#), an organization whose mission and values align closely with our own. With our shared focus on sustainability, financial resilience, and mindful decision-making, this connection is an exciting step forward for our community.

ERA has generously donated a laptop and projector to support our workshops and our sponsees as they continue their personal and financial growth. This contribution strengthens our capacity to offer accessible and empowering educational programs.

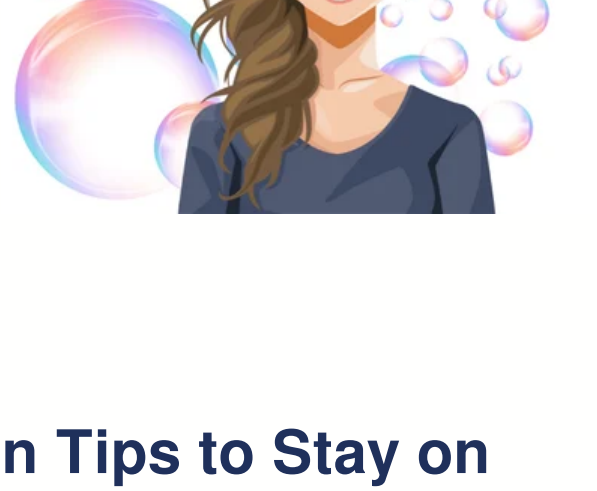

Together, we are planning a Bring Your Old Electronics Day in the coming months. This initiative reflects our joint commitment to reducing electronic waste responsibly and encouraging thoughtful choices that lighten the environmental burden on the earth. We encourage all organizations to reflect on the impact of electronic waste and make responsible recycling a part of their financial and environmental planning.

We are proud to have formed this alliance and look forward to the positive impact it will bring. More details will be shared soon on our website, so stay tuned and keep an eye out for the next big [SCOOP](#).

Let's Welcome Our New Intern!

We are thrilled to share that starting in January, our EDC: MV family will welcome its very first intern, May D., who will take the lead in developing our inaugural course packet, created especially for our future Stars.

This marks an exciting milestone as we continue to grow and strengthen our mentorship and educational initiatives.

Holiday Season Tips to Stay on Track and Inspired!

Enjoying a budget-friendly holiday starts with mindful preparation. Adhere to your list, prioritize thoughtful gifts, and try to avoid last-minute purchases. This way, you can fully embrace the season's joy without financial stress.

 Meaningful and Creative Gift Suggestions:

In today's digital world, sharing treasured memories is easier than ever. Consider putting together an online photo album or curating a personalized playlist. You can also simply taking a peaceful walk through a snowy park followed by a warm cup of hot chocolate.
